Wichita, KS – Two well-known political analysts will headline the Chamber's November 19 Annual Meeting. CNN Commentator and Political Analyst Paul Begala will appear alongside Political Analyst Michael Steele, who is also the Former Chairman of the Republican National Committee, Former Lieutenant Governor of Maryland, MSNBC Political Analyst and the President and CEO of The Steele Group.

Both Begala and Steele will provide separate opening remarks and then participate in an on-stage discussion moderated by 2019 Chamber Chairman Michael Monteferrante (President and CEO of Envision). The topic for the evening will be the Global Political Landscape.

Monteferrante said he was pleased to be able to devote an evening to something that's of vital interest to Chamber members and their business interests. "We're all directly impacted by decisions made in Washington about the global marketplace. International trade has been an important element of every one of our discussions this year with our state and federal elected officials. I'm really looking forward to listening to the different viewpoints represented by both analysts."

The Chamber's Annual Meeting will be held at Century II in the evening. Dinner begins at 6:15 p.m. and the program starts at 7 p.m.

Tickets are available through the Chamber's website, wichitachamber.org. Formal invitations will be sent to Chamber members. The general public is also invited to attend the presentation. The presenting sponsor is INTRUST Bank. Contact Angie Elliott at 268-1129 for more information about sponsorship opportunities.
